# Agenda Overview

## Incident Management System NIMS

This two-hour or less workshop will qualify the participant to take the exam and receive a certificate from FEMA.

Details for taking the exam on line will be provided during this workshop.

It is guaranteed that this workshop will not be painful!

This course is instructed by Fred Naeher, Training and Exercise Manager, Montana Disaster and Emergency Services. Fred has over 12-years of experience working for DES, 10-years as a public school and junior college instructor and over 30-years experience in the military. He has participated in various ICS roles during 56 events that required the activation of the State Emergency Coordination Center (SECC).

## A COMMUNITY BASED COURSE
